JKD as it has survived since—if one views it "refined" as a product, not a process—is what was left at the time of Lee's death. One should know when to speed up or slow down, when to expand and when to contract, and when to remain flowing and when to crash. However, Cheung did not believe that Lee would be a serious student.

Findhisabilityandthendevelopthesetechniques. In retrospect it seems clear that if Ip Man had not physically brought his art to Hong Kong inwe would all be talking about something else right. Thank you for this concise article. However certain drills, at the discretion of the instructor, are often taught

to lower student grades to help the student with problems areas and to prepare them for more advanced training. OfcourseBruceLeeisthecentralfigureinthisentirediscussion.To me, the best exercise for this is running.
