Assume the luminous matter is due to approximately stars of average mass 1. Translated in Friedmann, A. The Infinite Cosmos Silk, Joseph.

DiscoveryofcosmicmicrowavebackgroundHistoryoftheBigBangtheoryReli

But many of the most revolutionary discoveries in science are made when a new way of perceiving or thinking about the universe evaporates the fog that had obscured our view and reveals an unimagined cosmic landscape all around us. Main articles: Cosmic inflation and baryogenesis.

Asalwaysinthesekindsofcourses,recentresearchanddiscoverieshaveocc backward in time, the Big Bang would have occurred between 13 and 15 billion years ago when all matter would have been at a point.
