The coal and nuclear industries also receive substantial subsidies. A young man named Mustapha sums it up with a bit of light-hearted irony. After several hours of fierce combat in Puerta del Sol, a square in the middle of Madrid where our hotel was located, many civilians were taken prisoner and executed in the early hours of May 3rd, Whatshouldbedonein? Overall, 17 countries in sub-Saharan Africa are in the top countries worldwide with combined reserves of solar, wind, hydro, and geothermal energy far exceeding annual consumption. And the goal is that renewables will power half of this country by
