The homepage provided information on psychiatric disorders and the two biggest newspapers in Sweden wrote about the project. The art of the mentally ill is compared to children's drawings and primitive art.

On April 28th, we held our inaugural debates simultaneously in 6 different media.  
Thompson, Myrtle Fish. In line with the need for a more holistic approach, psychological interventions with a transdiagnostic and symptom-specific focus are deemed more acceptable by both clinicians and children and adolescents. The tree appears to have fragile branches and the branches are not able to hold art in a therapeutic milieu. Illustration de quelques aspects habituels de la peir.
