Aristotle says that there are only these two, and that, moreover, the first reduces to the second. It is perhaps possible that Hume had already discovered this small difference when, in the Treatise he speaks of the idea of relation.

Their only beds are the sidewalks of the cities and the dusty roads of the villa. Suppose that such cross-modal illusions are intelligible as the results of adaptive perceptual strategies. Our goal is to explore the variety of ways in which political dissent, even when it is illegal, may be justified. Why is the disease diabetes on the rise?

The most serious objections to this kind of view are that it fails to make work R.
